Today, Louie Delaware, **The Home Safety Guru™**, Professional Childproofer & Home Safety Expert, came to your child's school to talk about Home Fire Safety issues. Below is the homework for your child. Some of the questions are ones that your child can do by themselves with a little guidance. You may have to help them with the other questions.

For more information about the various topics for Fire Preparedness in your home, go to www.USSafetyPros.com and then go to the Fire Education link.

-
- How Many Smoke Detectors Are In Your Home? _____
